CERTIFICATE OF COMPLIANCE

Certificate Number	20
Report Reference	E4
Issue Date	20

Issued to:

20180810-E499876 E499876-20180808 2018-AUGUST-10

AMPHENOL PCD SHENZHEN CO LTD Bldg 21 1St Liao Keng Industrial Zone Shi Yan St Bao'an District Shenzhen Guangdong 518108 CHINA

This is to certify that representative samples of

COMPONENT - COMMUNICATIONS-, AUDIO/VIDEO-, DATA- AND OTHER SIGNALING-CIRCUIT ACCESSORIES

See addendum page for models

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

UL 1863 Safety of Communication Circuit Accessories

Standard(s) for Safety: Additional Information:

CSA C22.2 No. 182.4-M90 Plugs, Receptacles and Connectors for Communication System See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: **N**, may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

6 Mall

CERTIFICATE OF COMPLIANCE

Certificate Number Report Reference Issue Date 20180810-E499876 E499876-20180808 2018-AUGUST-10

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

Models/Product

RJ45 Connector, Models RJX8FSCTLXYP and RJX8FSCTLP.

Where

S represents Shell Series, it can be A (means A Type without metal shell), B (means B Type with metal shell nickel and black) D (means D Type with metal shell nickel and black)

C represents Transmission class, it can be 3 (means class D), 5 (means CAT 5e) or 6 (means CAT 6)

T represents Termination, it can be H (means Horizontal Printed Circuit Board), V (means Vertical Printed Circuit Board), I (means IDC Punch Down Block), 110 (means IDC 110 Punch Down Block) or T (means Thru adaptor/feedthrough)

L represents Locking Mechanism, it can be Blank (means latching) or P (means push lever supplied separately for customer installation)

X represents LED color sequence. It can be Blank (means no LEDs), RG, RY, RR, GR, GY, GG, YR, YY, YG or UU.

Y represents EMI/RFI shielding Hood, it can be Blank (means no shield hood) or E (means Emi/RFI shield hood)

P represent Packing, it can be Blank (means individual) or B (means bulk packed)
